TAURUS
INTERNATIONAL
CONSULTANCY & TRADE

- **Professional consultancy in bilateral trade relationship**
- **Manufacturer supply in the energy and machinery sectors**
- **Working languages:**
 - French
 - English

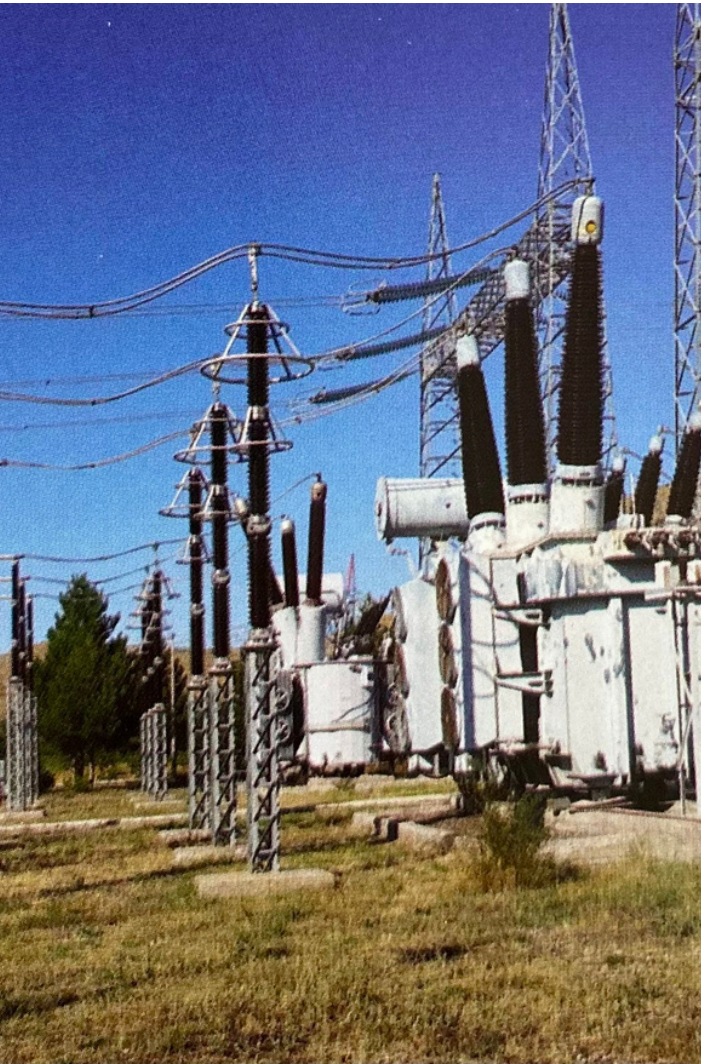

About us

As a reliable partner in trade with our team members specialized in their fields, we offer trade consultancy services for various sectors, especially energy and machinery.

Our Vision

We aim to provide solution-oriented professional services that are accurate, reliable and in line with ethical values.

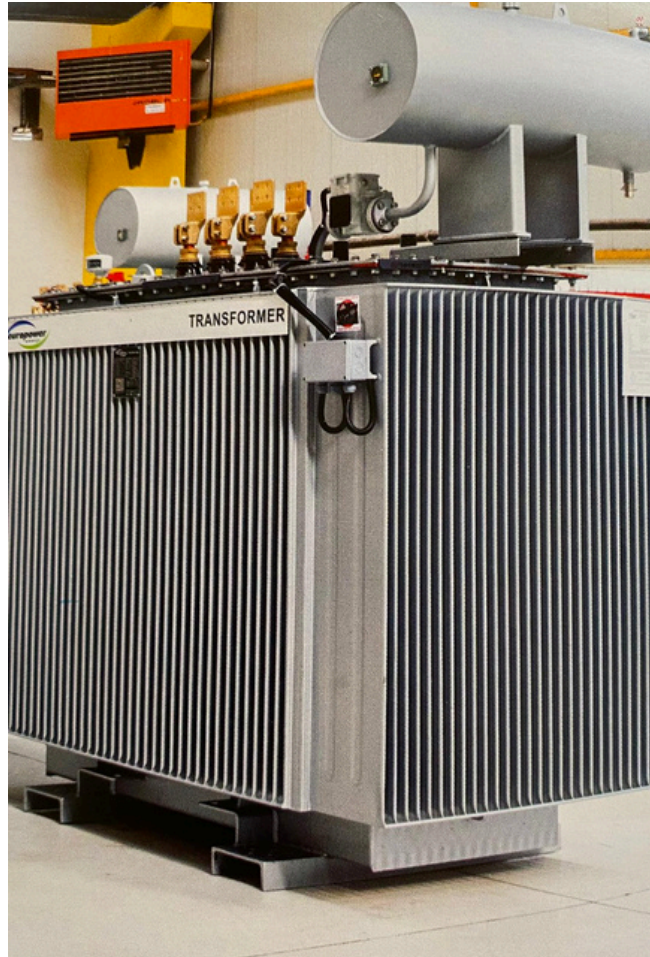

Our Mission

Our principle is to exceed our customers' expectations with sectoral expertise by prioritizing sustainable growth and industrial development.

MV DISTRIBUTION TRANSFORMERS

- Rated power: 10-31,500kVA
- System voltage: max.66kV
- Cooling: ONAN,KNAN,ONAN/ONAF,KFAF
- Coolers: corrugated wall or radiator
- Hermetically sealed or conservator/free breathing
- Off-circuit tap changer or on-load tap changer
- Cooling: mineral, FR3, midel oil
- Steel type core damping system
- High voltage (HV) multilayer winding
- Low voltage (LV) foil winding or layer winding
- Winding materials aluminum or copper
- High temperature class transformers
- Low noise solution
- Efficient transformers with very low losses

TRANSFORMER KIOSKS

With top and bottom
connections
With single or double
transformers
Heavy duty type

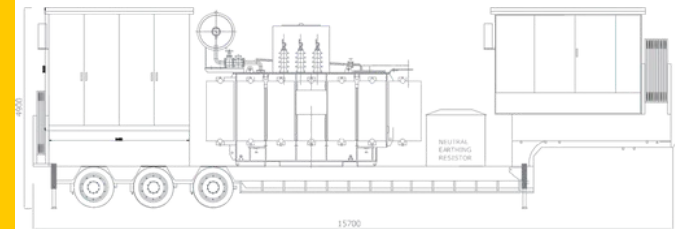

MOBILE SUBSTATIONS

Solutions for every need with
different configurations
HV-MV, MV-MV, MV-LV

KIOSKS SANDWICH PANEL CONSTRUCTION

For solar power plants

For wind power plants

For transformer substations

For hard transportation zones

Light weight kiosk

Fire-resistant construction

Basement free

CIRCUIT BREAKER SWITCHBOARDS

Outdoor Type

CONCRETE KIOSKS

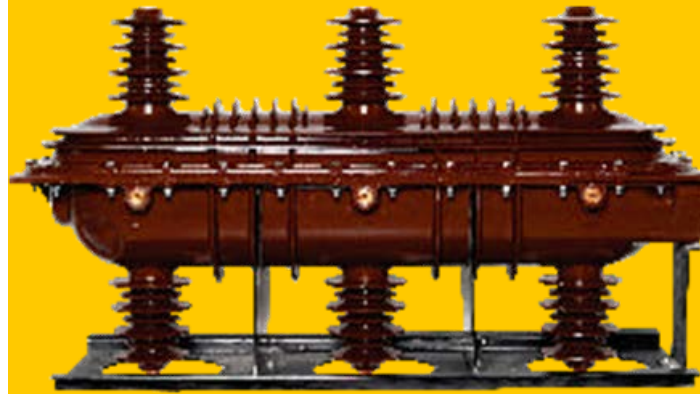

Monoblock

MV COMPONENTS

Disconnectors & Load Break Switches

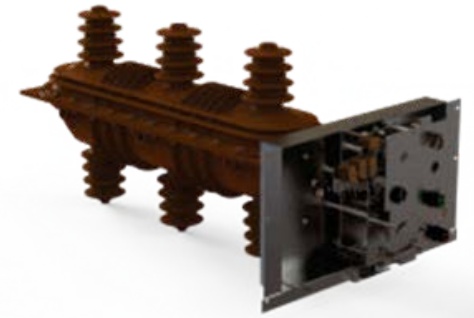

Up to 36kV, 1250A and 25kA,

Circuit Breakers

Up to 36kV, 1250A and 25kA

Compact, reliable, smartly simple
and easily adapted SF6
disconnectors and load break
switches .

Compliant to international
standards, with many available
options and accessories.

MV COMPONENTS

Metal-enclosed air-insulated
modular switchboard panels
Modular structure
Tailor made configuration
Internationally type-tested up to
36kV, 1250A and 25kA,

SOLAR MODULES

PPV144-530W-550W
MONOCRYSTALLINE PERC MODULE

144 CELL

Mono PERC Module

1500 VDC

Maximum System Voltage

530-550 Wp

Power Output Range

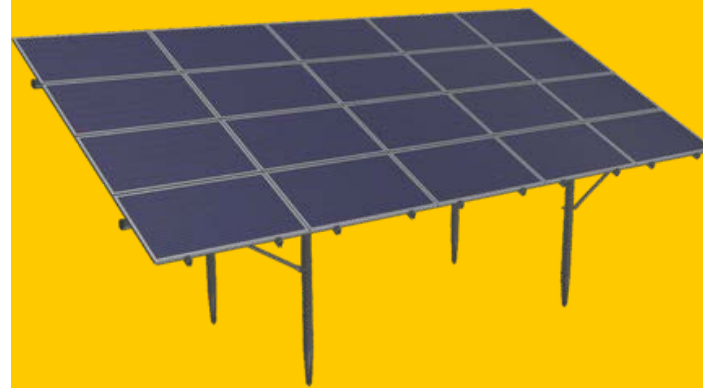

21.3%

Maximum Efficiency

MOUNTING SYSTEMS FOR PV POWER PLANTS

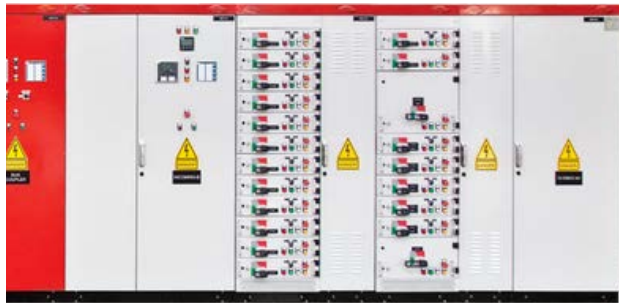

Reliable and efficient systems for all
types of soil and ground conditions
Modular and cost optimized
structure, suitable for a wide range
of configurations

Exceptional soil holding properties,
high supporting capacity
Perfect synchronization between
system components

LV PANELS

Power Distribution Panels

Up to 6300A /65KA

IP55 FORM 4B

Drawer/fixed type panel

LV Power Compensation Panels

Industrial Panels

MCC Panels

AC/DC Distribution Panels

Main/Field Collection Panels for

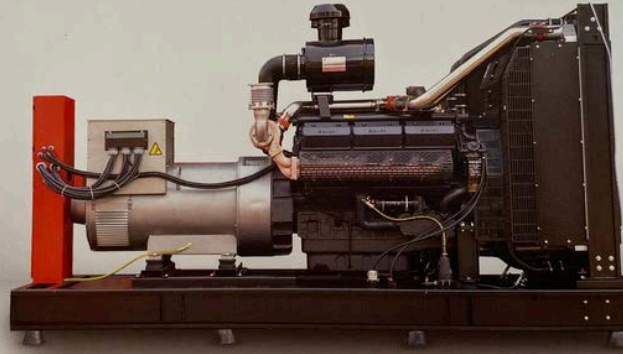

Solar Power Plants

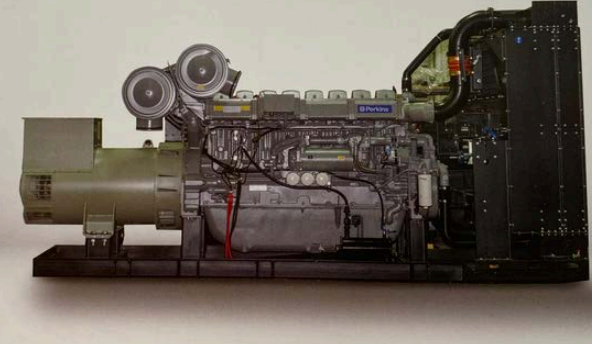

GENERATORS

SDEC

Perkins

Motor Options

PERKINS series 10-2500kVA

BAUDOUIIN series 20-2750 kVA

MITSUBISHI series 8-2500 kVA

CUMMINS series 28-2500 kVA

SDEC series 66-1100 kVA

QUANCHAI series 12-120 kVA

Portable Generators: 2-11 kW

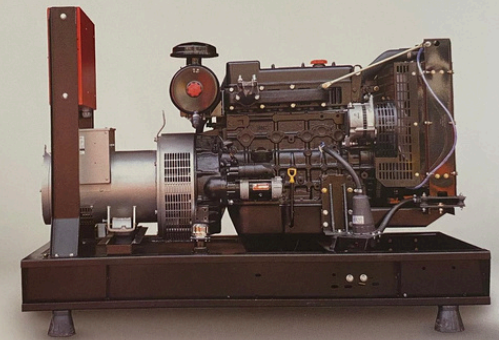

Cummins

Baudouin

QUANCHAI
全柴

Alternator Options

LINZ

STAMFORD

We hope to establish with your company a strong business relationship grounded on cooperation, trust and friendship...

TAURUS
INTERNATIONAL
CONSULTANCY & TRADE

The logo features a stylized bull with a geometric, low-poly design in shades of grey and black, facing left. The bull is positioned to the right of the text. The text is in a clean, sans-serif font, with 'TAURUS' and 'INTERNATIONAL' in larger sizes, and 'CONSULTANCY & TRADE' in a smaller size below them.
